VOLUNTEERS NEEDED FOR BETHEL'S ICE SKATING PROGRAM

Yes! The Recreation Board is determined to see that Bethel has its ice skating rink for this winter's season. Many details of the operation are being worked out right now but volunteers are urgently needed. The skating season runs approximately from Christmas through February vacation, about two months of skating fun. And that means about two months of ice preparation and maintenance. Hi Berry will train individuals in the fine art of ice making. It involves scraping and spraying. Two groups of responsible individuals can handle this easily, on an average of two hours weekly. Mike O'Donnell will plow the ice with his jeep. Won't you help? Certainly Bethel, with all its sports enthusiastic citizens can come up with four or five volunteers to make this skating rink a success! If you can help, please call Caroline Holden at 824-2155 or Paul Judkins at 824-2105. Please, don't wait!

THANKSGIVING

Let all pleasures be more pleasant,
let all grief with help be nerved,
Let all blessings praise their sources,
with the thanks that are deserved!
Every spirit should look heavenward,
every heart should tribute pay,
To the Soul of souls that treats us
to the Grand Old Day.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

There will be a Rabies Clinic on Saturday, Dec. 9, 1978, from 11 a. m. to 1 p. m. at the rear of the Bethel Fire Station for all animals. The fee is \$3 per animal. As a convenience to owners, Town Clerk Merton Brown will be at the Clinic to sell 1979 Dog Licenses. License fees are \$6 for females and \$2 for spayed females and males. Dogs are required to be vaccinated against rabies every two years.

The Town Office will be closed Thanksgiving Day, Thursday, Nov. 23, and Friday, Nov. 24. Residents are reminded that 1978 taxes should be paid by Thursday, Nov. 30, to avoid interest charges. Beginning Friday Dec. 1, interest at the rate of 1% per month or part thereof will be charged on any balance unpaid Nov. 30, retroactive to Oct. 2.

The Board of Selectmen held a special meeting Monday evening, Nov. 20, to tour the Town's Highway Garage and Fire Station and to review facility problems and needs of all departments. The Town Manager, Highway Foreman, Fire Chief, Police Chief, Ambulance Manager and Civil Defense Director each related some of the present and future municipal facility problems that the Town will need to consider in the coming years. After considerable discussion, the Board voted to establish a Municipal Facilities Study Committee with the following responsibilities: (1) Review short and long range space needs of all municipal departments and organizations including recreation and the needs of the Senior Citizens; (2) Prepare comprehensive recommendations for meeting needs including estimated costs; (3) Review funding alternatives and make appropriate recommendations; (4) Prepare a priority list of recommended improvements together with short

ADULT EDUCATION STUDENTS DEVELOP PARENTING SKILLS

"Problem ownership," "I-messages," "purposes of misbehavior," "acting-not reacting," "democratic relationships," "natural and logical consequences," and "reflective listening" are some of the phrases that might be overheard in the effective parenting course offered at Telstar by M. S. A. D. 44 Adult Education.

The course, co-led by Phyl Dock and Kay Chadbourne, uses small group discussion, role play, and tape recordings to facilitate new approaches to parenting, based on theories from "Systematic Training for Effective Parenting" (STEP) by Donald Dinkmeyer and Gary D. McKay.

Emphasis is on promoting a child's self-esteem and self-confidence in developing responsible behavior. Discussions point out the nurturing role of fathers as well as mothers. During the ten-week course, "STEP" students share each others support, concerns and encouragement rather than criticizing their children, and learn to relax and enjoy parenting more.

More information on the effective parenting course may be obtained from either of the co-leaders or from Marie Wilson, Director of Adult Education.

and long range plans for implementation.

The Board decided that the committee should have a maximum of seven members and directed the manager to put the appointment of members on the agenda for their Dec. 4 meeting.

Any citizen who has an interest in serving on this committee should contact the Town Office or any member of the Board of Selectmen prior to the Dec. 4 meeting.

The Board of Assessors will meet Monday, Nov. 27 at 7 p. m. in the Town Office.

BENNETT NAMED PRESIDENT OF COMMUNITY EDUCATION WORK COUNCIL

At its Nov. 15 meeting, the Bethel Area Community Education Work Council named Donald Bennett to replace "Joe" Robiller as President. "Joe" has served as president since April 1978 when John Vrabec moved from the area vacating the position. The Council expressed appreciation to "Joe" for his leadership over the last several months and is looking forward to working with Don in the year ahead. Other officers elected were: Helen Berry, vice president, and Kenneth Smith, secretary/treasurer.

An assessment of the progress of Council activities over the last year was discussed. Following the discussion the Council began to formulate goals for the upcoming year and established long term objectives for the development of the Council.

The next meeting of the Council Board of Directors will be held on Wednesday, Dec. 13, at the home of Cathy and Don Bennett.

RESPONSIBILITY IS URGED FOR HOLIDAY WEEK END

The Maine State Police urge motorists to be extra responsible during the forthcoming holiday week end.

"Throughout the Thanksgiving week end period, Troopers will be especially alert for drinking motorists who can spoil the holiday happiness for all of us," said H. W. Weeks, Chief of the Maine State Police.

Motorists are advised to remember if they are not in condition to drive to let someone else drive or take them home.

On any trip—however long or short—it's important also for motorists to allow for possible snowy weather, icy roads and other driver's mistakes," the State Police Chief said.

With increased traffic, possible inclement weather and people who may (but should not) drink and drive during the Thanksgiving holiday period, motorists are asked to use extra caution and common sense when driving so they—and those with whom they share the road—will have an accident free holiday.

MT. ABRAM FISH & GAME DISCUSSES FISHING CONDITIONS

Mr. Abram Fish and Game Association met Thursday, Nov. 16, at the Locke Mills Town Hall. After a delicious hot lunch, there was a brief business meeting and discussion regarding a communication from Stuart DeRoche, Regional Fishery Biologist, concerning fishing conditions on lakes in the area. Roy Cummings received the Thanksgiving basket. Entertainment was furnished by Frank and John Pratt, Mechanic Falls, on guitar and drums.

The December meeting will be a pot luck supper and Christmas tree. A musical program will be presented by Rudy and JoAnn Royer, Charlotte and Irving Cole.

REGULAR MEETING OF M. S. A. D. #44 DIRECTORS HELD MONDAY EVENING

The board of directors of M. S. A. D. #44 met in the Library at Telstar Regional High School on Monday evening of this week.

Christine Gauthier, a Telstar junior, and senior Blaine MacKay, gave the Student report on activities at the high school, including a successful parents night on Nov. 16.

The Middle School principal, Walter Phillips, reviewed for the board the participation of Middle School students in sports and activities. To date three dances for the students have been held and several assemblies. An estimated 150 parents attended the "Back to School Night" held Nov. 14.

The resignation of Mrs. Sandra Gunther as a 36-week bus driver was accepted. The appointment of Mrs. Gunther as a part-time secretary for the District Nurse was approved.

Authority was granted by the board to post the 36-week bus driver vacancy created by the resignation of Mrs. Sandra Gunther.

Initial approval was granted the following policy statement concerning pregnancy-related disability: "Hence, certified teachers who are absent from work because of pregnancy-related disability, which a physician deems to require absence from work, are entitled to paid sick leave under 20 M.R.S. A. Section 1951 to the extent they have accumulated sick leave under the collective bargaining agreement in force. A physician's certificate that the disability requires absence from work for the specific days in question will be required by the Superintendent before sick leave is paid under these circumstances. A statement from the attending physician will be required for the disability period up to the time of delivery and a similar but separate statement will be required covering the period of disability beginning with the time of delivery up to the day of return to work."

The superintendent was granted authority to apply for FY 79 ESEA Title IV funds. The greater portion of the contemplated funds is scheduled to be utilized for the district testing program and renovation of the Andover Elementary School Library.

The board approved a committee named by Board Chairman Harry Swan to investigate a breakfast program for S. A. D. #44. Members of the committee are: Betty Ann Hastings, Bethel; Gertrude Akers and Darlene Hall, Andover; and Sheryl Wilbur of Woodstock.

The board deferred any action on the settlement of a Human Rights Complaint and the resignation of a member of the non-certified staff.

The appointment of John Merrill of Andover was approved as a district bus driver/custodian. Mr. Merrill replaces Carleton Harrigan of Andover who recently resigned.

The board approved the position of a CETA (Title VI) Town/School Library Coordinator at the Andover Elementary School. This continued on Page Eight

PROPOSED SITE OF BETHEL AREA HEALTH CENTER

At a meeting of the Trustees of the Northern Oxford Health and Service Council held at Telstar on Thursday, Nov. 15, it was voted that the Council would enter into a long term lease of the former Brown Tourist Home located on Main Street. The property is now owned by Norris T. Brown and Barbara H. Brown, of Bethel. The lease would also contain an option to purchase.

The decision to lease the Brown property was made by the Trustees after a lengthy series of meetings with financial advisors, medical facility architects and local contractors.

It is anticipated that the final touches to the lease will be made during the coming week with a signing to take place immediately thereafter.

JACKSON-SILVER POST

German Diary

by Ann Morton

Over the years I've attended many high school football games, but it struck me last Saturday that in Berlin even these games are unusual. First of all, we must specify that this is American football, in Germany, football means the game we know as soccer.

Seeing the color guard hold the flag high as the youthful band plays the National Anthem is a thrill. The cheerleaders and the fans yell all the time; the spirit at these games is terrific. After the game is underway and Berlin American High School is defending goal, the stands rock with the cheer: "Build a wall, Berlin; Build a wall!" Nowhere could that cheer be more meaningful than in this walled city.

The last game of the season was played on a typical cool fall afternoon. So far we had not had a frost, and the temperature each day is still in the forties. The foliage around the field was not brightly colored, and most of the leaves were still on the trees. Flowers such as roses, geraniums, and fuchsia are still in bloom. The workmen have planted mums and pansies in many of the flower beds.

It is still too early for the Mainers to wear winter coats, hats and gloves, but the people who formerly lived in the southern part of the United States are bundled up in ski jackets.

A word about the kind of milk we drink here. Regular milk sells for about \$1.20 a half gallon. A Danish firm sells Longlife Milk for \$.42 a liter. This milk can be kept on the shelf for six months without refrigeration. It is not a powdered, evaporated or condensed product; when opened it can be consumed as is, and tastes just like the milk Americans sell. The packaging is the secret, and I hope some American firms are studying it. This product is good any time, but think of camping, picnics, and the day you run out of milk when the store is closed.

Delicious Danish made butter sells for \$.28 a half pound. We do not have the variety of fresh produce and meat that is available in the States. German people tend to shop daily for food, so items come in small packages. I haven't seen a 10 or 25 lb. bag of flour or a 10 lb. bag of sugar. Only 5 lb. bags are sold. Our commissary is the closest to a super market in the area, although there are some larger Edeka Markets around. For instance, potatoes are sold in a bin where you select the number you want in the German stores. You do not usually find a bag already packed. You bring your own grocery bag to the market, usually a net or string bag is used.

Halloween is exciting for the children in American housing. Stairwell families pool their treats and take turns handing out candy on the ground floor. The presence of MP's keeps the vandalism to a minimum, and car owners are requested to stay off the streets between the hours of 6 and 8 P.M. on Halloween. As a result it was a safe and happy holiday enjoyed by a Haunted House at the Dependent Youth Association, school parties and many activities on the bases for soldiers, civilians and dependents.

Later that week we participated in a German custom called the Lantern Walk, sponsored by the German Center at the elementary school. At 7 P.M. about 1,400 parents and children holding paper lanterns lit by a candle assembled at the school. We walked around the school, through the grunewald (forest) and back to the

PARENTS WITHOUT PARTNERS IS DISCUSSION TOPIC

Parents without Partners was one of the principal subjects to be discussed at the last meeting of the Oxford County Advisory Board. The Board, which is in an advisory capacity to Tri-County Mental Health, met Friday, Nov. 3, at the Bethel Savings Bank.

Concern was expressed by Board members from Mexico, Oxford, Bethel, Rumford and the Norway-South Paris areas that there is a growing number of parents in the County who find themselves in the position of bringing up children alone.

People who are divorced, widows and widowers or unwed mothers are faced with many problems. There are difficulties of fi-

school about an hour later. Sound impossible? We saw no fires, and heard no cries of burned fingers or other catastrophes. It was a very impressive sight to see. The lanterns were on sale at the school the week before the Walk. To get his, Paul had to ask for it in German and pay with Deutsch Marks.

For a little background information on the significance of the Lantern Walk: The old Germanic tribesmen used to light camp-fires and roll burning "sun-wheels" down the mountain slopes to persuade the sun to remain longer and not to leave so early during winter evenings. This is where the lights on Christmas trees also started. Later, when lamps and lanterns were known, people walked with lanterns when the whitemen set out with their ships for whale hunting to wish them luck and a good catch. This is a custom in the North and coastal areas of Germany.

In Southern Germany the children go for a big Lantern Walk through the cities to commemorate St. Martin (on Nov. 11). He was a very kind and helpful man who shared his coat with a beggar. He cut his cloak in half when he saw that an old man was almost freezing on a cold November night. He was asked to become a Bishop, but he was too humble to accept. Instead, he hid in a barn among the geese so they could not find him to honor him with such an important office. People fix a goose for dinner on St. Martin's Day, just as American people fix a turkey for Thanksgiving.

nance, care of children while the single parent works and adjustment to a situation of heavy responsibility when sometimes the parent is little more than a child himself/herself. The parent without a partner can find child rearing an especially challenging and burdensome task without the other partner to share in contributing to the physical and spiritual needs of a child.

While Tri-County Mental Health is currently conducting popular courses on Effective Parenting and Power of Positive Parenting, it was felt by the Board that the single parent warrants a special counseling program.

Another subject of discussion was how best to get counseling services to those who need it most. Fear and inconvenience of going to the TCMH office as well as lack of knowledge of the various programs were mentioned as being possible obstacles to reaching them. It was suggested that programs could be developed closer to the area in which people live since travel to Norway could be difficult in some cases.

One problem to this approach is the limited amount of funds and available staff. One Board member proposed that she and other members might initiate a volunteer program. After a training period by the staff, individual Board members could hold coffee-conversation meetings in their home towns.

This idea together with holding discussion groups with interested residents of outlying areas could help TCMH zero-in on what people feel are the most urgent problems facing them and their towns. This would also help participants realize that they are not alone and many share the same or similar problems which they have.

Other business of the Board was to elect five new members with a view to obtaining wider representation in the County. Those appointed were: Stephen Bobalek, Norway; Ronald Coulombe, Bethel; Lynn Cummings, Oxford; Nancy Easter-Hudak, Mexico; Kathleen Guinness, Bethel; and Claire Matolsky, South Paris.

It was noted that the new telephone number for counseling services through Tri-County Mental Health is 743-7911. The number to call after 5 p.m. on week ends and holiday is 783-9141.

SURPRISE ANNIVERSARY PARTY FOR ROLFE'S

Mr. and Mrs. Clarence (John) Rolfe were guests of honor at a gathering at the Cleveland Lovejoy home on the Flat Road, West Bethel, Saturday night, to celebrate their 45th wedding anniversary.

The heart-shaped anniversary cake in blue and white was made and decorated by Mrs. Dorothy West of South Rumford. Home made doughnuts and sweet cider were rather special along with all the other goodies and enjoyed by several friends of the Rolfe's. Miss Ellen Lovejoy provided appropriate background music on the organ.

The couple received gifts, including money and cards.

They were married Nov. 25, 1933, in Bethel by Rev. L. A. Edwards. Their attendants were Charlie Day and Iola Lurvey Tibbels. Mrs. Rolfe operated an apparel shop in Bethel for several years. Mr. Rolfe was instrumental in the organization of Sunday River Skiway. He is now partially retired.

The Rolfe's came to the party believing it was for the Alanson Cummings, married 58 years on their day, Nov. 25. Both Mrs. Rolfe and Mrs. Cummings were presented corsages by the hostess, Mrs. Cathryn Lovejoy.

Attending were: Mr. and Mrs. Leon Wilson, Mr. and Mrs. George Stowell, Mr. and Mrs. Richard Walker, Mr. and Mrs. Alfred Merrill, Mr. and Mrs. Shirley Gilbert, Maxine Lovejoy, Mr. and Mrs. Alanson Lovejoy, Shane and Angela, Mr. and Mrs. Ray West, Rebecca and Christopher, Mr. and Mrs. Alanson Cummings, Miss Ellen Lovejoy, the host and hostess, Mr. and Mrs. C. TOYS OF WOOD

Monday evening Mike Chretien displayed a unique assortment of wooden toys and children's furniture at the Farrar dance studio. Operating under the name of Hobbit Hill Farm Inc., in Gray, Mike and his wife, the former Eileen Saunders, both Bethel natives, started the business only a few months ago, and are very pleased with its success

to date. The Monday evening display was instigated by Mrs. Emily Saunders, Mrs. Chretien's mother, to coincide with the wood industry promotion of the Greater Bethel Chamber of Commerce. Pictured above with Mr. Chretien, center, are Mrs. Wallace Saunders of Hanover Dowel Company, left and Don Stecher of Andover Wood Products, right.

Greenwood City

Mrs. Colista Morgan, Corres.

We have come to the time when every morning there is frost. As yet the snow hasn't come, but it will. Today we had what I call a snow-sky but snow did not come. There was a raw wind however, so it was more comfortable indoors. But by afternoon I was restless for the out-of-doors. So I put on my coat, gloves, and hat and went for a mile walk. The air was like chilled wine, as the wind blew up from the world's end, scattering the clouds. They fled before it like lambs on the run. The trees on the hilltops stood in a delicate outline resembling a cavalcade trudging wearily along. Some looked like men walking, bent beneath heavy loads.

I stayed in the road and a mile seemed short.

"Have you ever paused to listen To the rustle of the leaves? There's a quietness and a stillness As they tremble in the breeze."

— Paul Carr

When I returned I found wood ready to stack into the shed to be used another year. I'm fascinated with the whole process. Clyde does the cutting, trimming, and sawing. The whirling knife-edged teeth sang through this particular dead elm which had to be removed for safety. His axe flashes down and hits the right spot so that the chunk separates along the grain. I fill the wheelbarrow; he pushes it to the shed; and I stack it in symmetrical tiers toward the shed roof.

Woodsheds are again becoming a part of America, as they were years ago.

It's turkey-time again this week.

Revolutionary War Vets
The Official Revolutionary Veter-
an markers for them.

With the help of Town Clerk
Phyllis Coolidge and her deputy
clerk, Denise Swan, Seames was
able to find not only the stone
marked graves but also the graves
of two unknown veterans that
have been buried in the Mt. Abram
Yard next to the Locke Mills Un-
ion Church since before 1819.

The grave of the possible third Veter-
an is still being sought near the
South Pond area in Greenwood.
Greenwood is fortunate to have
buried in its boundaries approxi-
mately 17 Revolutionary Veterans.

Through the co-operation of J.
A. Philbrook of the Society of
Sons of the American Revolution
in Maine, the Town of Greenwood
has at no cost obtained five of-
ficial SAR markers for these
graves. A great deal of mapping
and research had to be done by
Seames before these markers
could be obtained. There are very
strict restrictions to be met be-
fore the gift of these markers is
made to anyone. The official Vet-
erans markers have been placed in
the various locations by Seames.

In another project undertaken
by Seames and in cooperation with
the taxpayers of the Town who
voted to raise \$500 at the last an-
nual meeting, major repairs have
been made to approximately 20
stones that were broken or des-
troyed and the purchase of two
new stone markers for a local
sea captain and his wife was un-
dertaken. Captain William Jones
and his wife Abbie died in 1908
and 1911 respectively without the
benefit of heirs. Their graves had
never been marked other than a
written name and death date un-
der glass in a tin marker, and
two small rose quartz stones. The
two new stones were obtained from
Don Feeney of Bethel at a very
minimal cost of the Town. A great
deal of thanks is owed to Feeney
and his helper Walter Clark
who obtained the new stones, re-
placed the broken old stones, and
helped Seames move a Revolution-
ary War Veteran's stone to the
correct grave site.

It is hoped that the taxpayers
will see the importance of res-
toration such as this and raise a
comparable amount for more work
that is needed to complete the
restoration in other cemeteries in
town.

Revolutionary War Vets
The Official Revolutionary Veter-
an markers for them.

With the help of Town Clerk
Phyllis Coolidge and her deputy
clerk, Denise Swan, Seames was
able to find not only the stone
marked graves but also the graves
of two unknown veterans that
have been buried in the Mt. Abram
Yard next to the Locke Mills Un-
ion Church since before 1819.

The grave of the possible third Veter-
an is still being sought near the
South Pond area in Greenwood.
Greenwood is fortunate to have
buried in its boundaries approxi-
mately 17 Revolutionary Veterans.

Through the co-operation of J.
A. Philbrook of the Society of
Sons of the American Revolution
in Maine, the Town of Greenwood
has at no cost obtained five of-
ficial SAR markers for these
graves. A great deal of mapping
and research had to be done by
Seames before these markers
could be obtained. There are very
strict restrictions to be met be-
fore the gift of these markers is
made to anyone. The official Vet-
erans markers have been placed in
the various locations by Seames.

In another project undertaken
by Seames and in cooperation with
the taxpayers of the Town who
voted to raise \$500 at the last an-
nual meeting, major repairs have
been made to approximately 20
stones that were broken or des-
troyed and the purchase of two
new stone markers for a local
sea captain and his wife was un-
dertaken. Captain William Jones
and his wife Abbie died in 1908
and 1911 respectively without the
benefit of heirs. Their graves had
never been marked other than a
written name and death date un-
der glass in a tin marker, and
two small rose quartz stones. The
two new stones were obtained from
Don Feeney of Bethel at a very
minimal cost of the Town. A great
deal of thanks is owed to Feeney
and his helper Walter Clark
who obtained the new stones, re-
placed the broken old stones, and
helped Seames move a Revolution-
ary War Veteran's stone to the
correct grave site.

It is hoped that the taxpayers
will see the importance of res-
toration such as this and raise a
comparable amount for more work
that is needed to complete the
restoration in other cemeteries in
town.

If You Are Going to
Shovel Snow, Be Careful

There's nothing prettier than a
new-fallen snow — nothing more
dangerous either.

Each year, we hear about the
numerous heart attacks and
strokes that occur as the result of
overexertion. The tragedy of the
fatal or near-fatal result of an ap-
parently healthy person succumb-
ing to shoveling snow tends to be
overshadowed a hazard that is even
more common.

The same snow which causes
heart stress also causes dangerous
spinal disc stress to the shovel-
er. When you consider that a shov-
el of snow weighs 5 to 7 pounds,
you realize the tremendous ac-
cumulative weight one has to lift
to clear an area. The average
drive or walk will hold hundreds
of pounds of snow.

Snow seems to present a chal-
lenge to most shovelers; the cold
air invigorates them to action;
and the same cold air numbs
their sense of pain and fatigue,
thereby masking the severity of
sprain and strain. The result: too
much exertion and too much work
without rest breaks.

Doctors of chiropractic, who are
specialists in helping patients with
back problems, recommend the fol-
lowing rules to guard against the
snow-shoveler syndrome:

1. Dress warmly, but don't
bundle up so as to make it dif-
ficult and awkward for you to
move naturally.

2. Use a lightweight pusher-
type shovel. Spray it with Teflon
so snow will not cling to it.

3. Try not to lift the snow or
pitch it. Merely push it into a
pile.

4. Avoid sudden twists of the
torso. Move the entire body.

5. Keep your back straight
when you lift. Use your legs
rather than your back.

6. Work slowly.

7. If you feel tired or short
of breath, stop and take a rest.
Stand up straight and breathe
deeply.

8. If you feel a twinge of back
pain, stop completely and go in-
side the house, sit down and rest.
If pain persists, see a doctor of
chiropractic immediately. With
snow, it's wiser to use the head,
instead of the back.

Under chiropractic care, a pa-
tient is either treated or referred
for a comprehensive differential
diagnosis.

The Hunters Supper was held Nov. 9 at their community home, with a very good attendance. Many hunters attended but reported no deer.

Mr. and Mrs. Mansfield Packard, Waterville, called on Mr. and Mrs. Guyson Davis, Saturday afternoon.

Another beautiful day on Nov. 13. That looks as though the rest of November will be sunny but rather cold. It was 8° above back of my house and that's not too far from zero is it?

The chick-a-dees are quite plentiful. I had one evening grosbeak and a little bird with a white mark across his head. He didn't stay long enough for me to identify him and he didn't leave his name. Juncos have been quite plentiful and of course two blue-jays have arrived. Many people are reporting cardinals but I haven't seen any here.

Some attended open house at Norway Savings Bank. It's beautiful and convenient for customers and the basement rooms are fine.

Olive Davis called on Mrs. Ruth Barnett, South Paris, on Monday, this being her natal day.

Alta Waterhouse visited with Olive Davis Wednesday night. She took supper with her and spent the evening.

Thanksgiving week already! With the warm weather for this time of year, the days have sped by. I guess that Saturday the main road was full of deer hunters early in the morning; but have, as yet, not heard of anyone getting one. My gang did not go out very early as Friday night it poured and Frank wanted it to dry a little. There were three of them and no one saw a deer.

Hope the rains helped the water situation. Know it wouldn't hurt any if we got some more. This time of year I always hate to have it rain as one never knows when it might start freezing and the roads get slippery. Without snow banks to hold one back it gets kind of scary.

Andy Smith, son of Mr. and Mrs. Homer Smith, and Matthew Laban, son of Mr. and Mrs. John Laban, went with other cub scouts Saturday to Rumford. There the boys bowled and went to McDonald's.

Leland H. Bond of East Hemenstead, N. H., came Friday to visit his sister, Mrs. Thelma Merrill and the Joe Shimamura. He went back Saturday evening.

Ricky and Debbie Seames and two children took their truck to Falmouth Saturday to haul back the horse that Jody Shimamura had gotten there. Gerry and Jody went down in their car to help get it home.

Thursday night Mr. and Mrs. Daniel Hannon went to Open House at Telstar. They are both gym teachers as well as coaches. Mrs. George Guinness was there in her role as counselor. The parents I know were Mr. and Mrs. Alden MacDougall, Mrs. Ruth Mason and daughter, Carole, Gerry Shimamura and myself.

Dawn Seames, daughter of Mr. and Mrs. Ricky Seames, has a pony; and her parents are building a barn to hold the pony and other animals.

Ruth Mason and Sue Angevine went to Open House at the Middle School Tuesday.

Those from this road, who went to the Harvest Supper at the Nazarene Church Saturday evening, were Joe and Billy Shimamura, Thelma Merrill, Mr. and Mrs. Ricky Seames, Dawn and Ricky, Mr. and Mrs. Robert Seames, Mr. and Mrs. Tommy Gibbs, Mr. and Mrs. Chuckie Mason and two children, and Mr. and Mrs. Charles Mason, Jr. and two girls.

Sunday, Mr. and Mrs. Frank Benson entertained at a double birthday party. It was their granddaughter Anita's 11th birthday, and their son Bradley's birthday. Also there were Mr. and Mrs. Davis Kimball and Anita's sister, Chantal.

Scott Mason came home from California by bus Sunday. Lauri Collingwood from Massachusetts visited the Masons. She came Nov. 13 and went back the 22nd.

Happy birthday Kathy Mason on your 21st birthday on Nov. 21. Mrs. Frank Benson went to see her sister-in-law, Mrs. Gladys Easter, Thursday, at the Rumford hospital. Mrs. Ruth Butters went to Shelburne, N. H., Thursday to see her friend, Mrs. Chester Haynes. Nov. 15, Barbara MacDougall went to Berlin, N. H., with Joan Coolidge.

Mr. and Mrs. Ernest Angevine had a deer steak dinner at their son's and family, the Dick Angevines, Sunday.

Saturday, Mr. and Mrs. Lester Butters went to the Odd Fellows supper.

FREE CANCER SCREENING TO BE CONDUCTED BY THE MEDICINE SHOPPE

A free cancer screening program will be conducted by the pharmacist at The Medicine Shoppe, Norway, on Nov. 30-Dec. 1, 9:30 a. m. to 5:30 p. m. and Dec. 2, 9 a. m. to 1 p. m.

The program aims at creating awareness and early detection and treatment of the cancer of the colon and rectum—the most common form of internal cancer. There are more than 100,000 new cases discovered each year and this cancer causes the death of more than 47,000 Americans annually.

With early detection and prompt treatment, 75% of patients with cancer of the colon and rectum can be saved. But because it's the "cancer nobody talks about," the actual survival rate is only 40%.

The test for cancer of the colon and rectum is simple and painless, and with the materials distributed at The Medicine Shoppe is conducted in complete privacy at home.

The public is invited to be tested free of charge.

The American Cancer Society is participating in the program.

VA PENSION CHECK QUESTIONS SHOULD BE FILLED OUT AND RETURNED

Veterans and widows in Maine receiving VA pensions should be informed that the income questionnaires which accompanied the recent check must be filled out and submitted to the Veterans Administration.

American Legion State Service Officer Howard E. Eisman, Togus, reminded veterans and widows that the questionnaires have been sent to all veterans and widows this year who are receiving pensions. Eisman noted that a danger lay in the fact that some veterans and widows have not received the form for a number of years and might tend to forget that it must be filled out and returned. Failure to return the questionnaire, Eisman noted, could result in benefits being terminated until the form is filled out and submitted.

Veterans receiving service-connected compensation are not affected and do not receive income questionnaires, Eisman stated.

The Legion state service officer noted that assistance can be given to any veteran or widow seeking help in filling out the income questionnaire by contacting the VA, Bureau of Veterans Services, State Service Officer, or the local service officer of allied veterans groups in Maine.

Any veteran or widow who has lost or misplaced the income questionnaire should contact the VA Center at Togus for a replacement, Eisman noted.

MUST FILE LEGISLATIVE REQUESTS BY JANUARY 3

Bethel area residents are being urged to contact their Senators-elect and Representatives-elect immediately with requests for legislation to be considered by the 108th Maine Legislature.

Clerk of the House Edwin H. Pert of Georgetown has announced that members-elect may pre-file bills now and up to the convening date of the 108th Legislature on Wednesday, Jan. 3. Gov. James B. Longley decided last Friday to leave implementation of a constitutional amendment permitting a December convening of legislature to the incoming Governor, James Brennan.

The closure (filing deadline) date for all legislation is Friday, Jan. 12, at 1 p. m. Legislators must submit all requests for legislative research by that date, Pert said. The processing deadline set for the Legislative Research Office to have bills submitted to both the House and Senate is March 2 at 1 p. m.

Closure and final form deadlines are advanced from those set for the 108th Legislature in 1977. The deadline for filing bills has been moved up two weeks and for introduction into the appropriate branch of the Legislature one week, Pert concluded.

The Clerk of the House pointed out that persons unfamiliar with their State Representatives and Senators can write or call his office, c/o State House, Augusta, Maine 04333, ph: 289-2866, for their names and addresses as well as other information.

ANDOVER SELECTION MET TUESDAY, NOV. 14

The Selectmen of Andover met in regular session on Tuesday evening, Nov. 14, at the Town Office.

W. C. C. B. has sent the Selectmen a book entitled "Family Encyclopedia of American History" which the Board is donating to the Andover Public Library.

Mrs. Barbara Weeks of the Northern Oxford Health Service came into the office to explain the set up of a new health care center in Bethel which will be opened shortly. The Selectmen asked if there was a possibility of her organization opening a clinic in Andover on a weekly or bi-weekly basis. Mrs. Weeks thought the suggestion was a good one and will discuss it with other members of her group.

The Committee to Reorganize the Town Government consisting of David Hutchins, Charles Cutting and Harold Falkenham which was appointed at the annual Town meeting in March met with the Selectmen. Extensive discussions on proposed changes including the establishment of a Board of Assessment Review and a committee to establish land values were held. Other items under consideration are extending the terms of office for the Town Clerk, Treasurer, Tax Collector, Road Commissioner and Fire Chief.

Mr. Cutting will draw up articles for a warrant regarding the above changes to be presented to the Town at a special Town meeting to be held at least 60 days before the annual Town meeting in March.

REALTOR

False Economies

There are many ways to cut corners when you sell your home. But some of these may be very costly in the final outcome. I refer to selling without the services of a REALTOR and attorney. Their experience and knowledge could easily be the best financial insurance you can buy.

An attorney can be well worth his fee if he steers you clear of a single financial or legal pitfall.

Trying to play expert by filling in the blanks of standard deeds, purchase and sales agreements, binders, or financial forms can easily backfire. Some of the biggest monetary losses have come about precisely in this manner.

If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel. Phone: 824-2122, 824-2579. We're here to help!
